Sir

Sub:- L.A. --Harijan Welfare --Bellary district - Bellary Taluk - Haraganadona Village - S.Nos.106A and B -- provision of house sites - Draft notification.

The Harijan cheri in Haraganadona village of Bellary Taluk is congested and it is found necessary to acquire an extent of A.C. 1-68 for providing house sites to 21 houseless Harijan families in order to relieve the congestion. Portions of S.Nos.106A and 106B adjoining the Cheri have been selected by the District Welfare Officer and approved by the District Health Officer. The Harijans also agree to have the site. An extent of 1½ acres in the village site is vacant; but it is full of manure pits. The soil is also rocky and high level where no water can be tapped and the Harijans say that they will not thrive there as the site has been abandoned once by them. The site is therefore unsuitable. There is no other Government vacant site available for the purpose. The District Welfare Officer has examined the paying capacity of the Harijans and is satisfied that they are too poor to pay anything towards the cost of acquisition which will be about Rs.1950 and which will have to be borne by Hovernment. The harijans to whom the sites are proposed to be provided do not own any house sites and therefore there is no question of relinquishment of old sites. I request that the draft notification under Section 4(1) of the L.A. Act submitted herewith in duplicate may be approved and caused to be published in the Fort St. George Gazette.

The proposal is to acquire an extent of Ac. 1.68 of dry land in Navagama-dona village, Bellony N. and D.S. at an estimated cost of Rs 1950/- for providing house sites to 21 houseless harijan families. The Colln. states that an extent of about 1½ acres of village site is available but that it is full of manure pits, rocky and high level where no water can be tapped. The harijans occupied the sites once but abandoned it later on, as they did not thrive there. The acquisition of the lands under proposed may please be approved. The usual order at Min-2 cube is submitted for same.
